

39. OSPREY

Fill in the squares so each row, column, and 6-square section has the letters O-S-P-R-E-Y.

FUN FACTS: The osprey is an excellent fisher and the only hawk that dives into water to catch its prey. It catches the fish with its feet and flies off with its prey, turning the fish head-first to decrease air resistance during flight.

MORE FUN: What is special about an osprey's nostrils that helps it fish?

40. WALRUS

Fill in the squares so each row, column, and 6-square section has the letters W-A-L-R-U-S.

FUN FACTS: The walrus' tusks are actually teeth which never stop growing. The walrus uses them to haul its huge body out of the icy Arctic waters.

MORE FUN: A mature male walrus usually weighs over a ton! Name five animals living today that are heavier.
