

## July 4<sup>th</sup> Parade Puzzle

Callie and Ian watched the 4<sup>th</sup> of July parade. They saw floats, bands, sports teams, fire trucks, and clowns—a different number of each. Use the clues to find out how many of each they saw.

1. Callie and Ian saw twice as many bands as fire trucks.
2. The number of floats equaled the number of clowns plus the number of sports teams.
3. The clowns outnumbered the bands.

	2	3	4	6	9
Bands					
Clowns					
Sports teams					
Fire trucks					
Floats					

Use the grid, if you would like, to eliminate possibilities. Put an "x" in a box if you know a number doesn't go with an item. Put an "o" if you know it does.

# Solution to July 4<sup>th</sup> Parade Puzzle

4 bands

6 clowns

3 sports teams

2 fire trucks

9 floats
