

Back to School Logic Puzzle

It's the start of a new school year! Cody, Eva, Juan, Miriam, and Tina each have a new backpack, each a different color: black, blue, green, red, and tan. Use the clues to find out who has which color.

1. Tina hung her backpack between the red and green ones.
2. The school colors are red and black. Juan said his backpack color showed school spirit.
3. Neither Cody nor Tina like the color tan.
4. Eva asked the girl with the green backpack where she got it.
5. Tina said she'd had a blue pack last year and wanted a different color this year.

	Black	Blue	Green	Red	Tan
Cody					
Eva					
Juan					
Miriam					
Tina					

Use the grid, if you would like, to eliminate possibilities. Put an "x" in a box if you know a color doesn't go with an item. Put an "o" if you know it does.

Solution to Back to School Logic Puzzle

Cody has a blue pack.
Eva has a tan pack.
Juan has a red pack.
Miriam has a green pack.
Tina has a black pack.
