

Making Things Logic

Angelo, Julie, Marc, and Sarah each used a different recycled item to make something. Use the clues to match the names with their creations: a bird feeder from a pop bottle, a papier-mâché mask from newspaper, kazoos from a paper towel tube, and finger puppets from marker caps.

1. Julie and Marc's creations were both made from plastic.
2. Sarah offered to help the puppet creator with his project.
3. The boy who made the mask cleaned up the room.

	feeder	mask	kazoos	puppets
Angelo				
Julie				
Marc				
Sarah				

Use the grid, if you'd like, to eliminate possibilities. Put an "x" in a box if you know a creation doesn't go with a person. Put an "o" if you know it does.

Solution:

Angelo made the mask.

Julie made the bird feeder.

Marc made finger puppets.

Sarah made kazoos.
