

Runners' Riddle

Beth, Paul, David, and Maria were running in a race with lots of other people to help raise money for hungry children. They came in 3rd, 8th, 11th, and 16th. Use the clues to match the names with where they placed in the race.

1. Maria came in earlier than David.
2. Paul ran faster than the girl who came in 11th.
3. Beth's place was an even number.

	3 rd	8 th	11 th	16 th
Beth				
Paul				
David				
Maria				

Use the grid, if you would like, to eliminate possibilities. Put an "x" in a box if you know a name doesn't go with a place. Put an "o" if you know it does.

solution is on the next page

Solution to Runners' Riddle

Beth came in 8th.

Paul came in 3rd.

David came in 16th.

Maria came in 11th.
