

Tooth Teaser

Pedro, Tara, Cecilia, and Adam each lost a different tooth last week. Use the clues to decide which tooth each person lost: incisor, canine, first year molar, or second year molar.

1. Cecilia lost a tooth that usually comes in sooner than the one Pedro lost.
2. Tara did not lose a molar.
3. The boy who lost the incisor put his tooth under his pillow.

	Incisor	Canine	1 st year molar	2 nd year molar
Pedro				
Tara				
Cecilia				
Adam				

Use the grid, if you would like, to eliminate possibilities. Put an "x" in a box if you know a tooth doesn't go with a name. Put an "o" if you know it does.

Solution to Tooth Teaser

Pedro lost a 2nd year molar.

Tara lost a canine.

Cecilia lost a 1st year molar.

Adam lost an incisor.
